

PUTTING POWER INTO YOUR PREACHING PRESENTATIONS

“The Gospel is the most important message, so it must be delivered with appropriate conviction.”

John is available to consult large groups, conferences as well as smaller in-house staff meetings and even one-to-one consultations.

Particularly relevant to student ministers and lay preachers starting out with the responsibility of promoting church plants or rebuilding older parishes.

John grew up in a christian family and has been involved in Christian leadership of youth groups and Beach Mission and has served on numerous Parish Councils and as a Parish Warden.

John has witnessed new and experienced ministers preaching in a variety of contexts. John has a passion to see preaching techniques significantly enhanced so that the teaching of the bible and its application to life might be delivered with power and clarity.

This is not about the theology that students are already learning, but about the presentation techniques in delivery.

As a Toastmaster for over a decade, John frequently recognises situations where he can provide assistance and advice to preachers enabling them to deliver the Gospel with authenticity and legitimacy.

John will assess students current abilities and seek ways to assist them to improve on areas that can detract from the message:

- 1 Stage Presence – Stance and Gesture**
- 2 Voice – Control, Projection and Internation**
- 3 Habits – Repitition, Movements and Filler Words**
- 4 Visual Aids – Clarity, Simplicity and Impact**
- 5 Feedback – Mechanisms for Assesment and Support**
- 6 Using Notes – Preparation for Reading Aloud**

John’s 40 years in marketing can also assist Parishes with such areas as:

- 7 Branding and Promoting a Parish**
- 8 Raising Community Awareness**
- 9 Understanding Demographics**
- 10 Signage and Street Presence**
- 11 Website and Social Media Management**
- 12 Tips and Techniques for Cost Management**
